

Speaker1  

Speaker2  

Mixed wave

T : number of frames

0 : padding frames

1 : frames where only one speaker is active

2 : frames containing overlapping speech from multiple speakers

Target overlap-aware sequence

$[1 \dots 1, 2 \dots 2, 1 \dots 1, 0 \dots 0]$
 $T_1 \quad T_2 \quad T_3 \quad T_4$

$\mathcal{L}_{OA}$ (Compute loss using Cross-entropy loss)

Predicted overlap-aware sequence
